

FAMILIES WITH COLLEGE AGE CHILDREN

Flexibility in the roles each person plays in the family system is important now. The children are becoming adults and may be working or going away to college. You are now shifting parent-child relationships to allow your children to move in and out of the family system and start focusing back on your life, your faith and your career.

ADULT FAITH FORMATION AND SOCIAL JUSTICE has many programs for all age adults. Please review website or contact Christy Cosgrove at christycoz3@comcast.net.
